

United Cerebral Palsy Georgia has been chosen to be a part of a select group of charities to partner with Op4G, a new market research firm that benefits both research participants and non-profits.

I'd like to earn money  
and donate part of it to  
UCP of Georgia!

# HOW IT WORKS:

## First

You sign up to become a Member at Op4G - and select United Cerebral Palsy of Georgia as your supported charity (or enter UCPGA1234 as your invitation code).

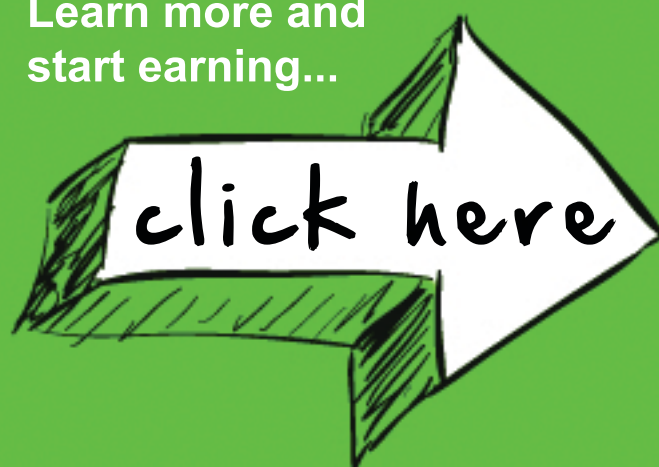

## Second

You will complete a short demographic profile for Op4G. This information will help Op4G to place you in future online market research activities. Your information is always secure and confidential.

## Third

Share your opinions through online activities, receive compensation and help UCP of GA as a result!
